Hi Rebecca. I hope you are doing well. I presume you are still the project manager for this IA. I'm writing to let you know that I'm expecting to need Aaron King's services this month. EPA is expecting a deliverable for the pilot study that he was involved in at the Rhone-Poulenc site. I would like him to review it and provide comments and participate in meetings if necessary. He is aware it's coming and says he is available and interested.

Let me know if you have questions.
